

## ROBUR and Ynfinity join forces as a global service partner for the leading wind industry companies

**In March 2019, Ynfinity Global Energy Group, based in Madrid, Spain became part of ROBUR Industry Service Group, one of Germany's largest industry service providers. With the additional expertise and manpower and the ROBUR companies WKA Bladeservice, ROSCH Industrieservice and ROBUR Baltic (formerly known as SSC Baltic Wind), ROBUR now has more than 800 wind industry experts and offers on- and offshore wind turbine services across Europe, Latin America and the US.**

"Ynfinity was a natural fit and perfect addition to our broad Baltic and Northern European offerings providing our clients one-stop-wind-turbine-solutions now also on the Iberian Peninsula, Southern Europe and the Americas. I'm more than happy to have Gianluca Tabarrini (MD Ynfinity) and his team join ROBUR and ROBUR WIND", Kyriakos Kosmidis, Managing Director of ROBUR WIND stated.

"ROBUR has offered us the right platform, partnership, spirit and vision to help us grow beyond our existing markets and offerings", said Gianluca Tabarrini, Managing Director of Ynfinity. "Kyriakos, Jan-Jörg and Daniel made us feel welcome from the very first meeting and gave us the understanding that we will be joining a group of strong entrepreneurs catering the needs of our clients and focusing on our vision to optimize our clients results in the wind industry across multiple markets" Gianluca Tabarrini, Managing Director of Ynfinity, added.

Jan-Jörg Müller-Seiler, Managing Partner of ROBUR and CEO of ROBUR Industry Service Group: "ROBUR is all about growing as partners in a group of entrepreneurs for the benefit of our clients. Ynfinity will help us grow our offering even faster and enable us to deliver high-end service for the wind industry".

"With their own training centers in Spain, Latin America and North America, Ynfinity will not only help us train and qualify more people but also permit us to employ our experts all year and give our colleagues new and fascinating challenges across the globe, making ROBUR the perfect group for wind experts" added Kyriakos Kosmidis.

All of Ynfinity management will continue to be fully responsible and run the business of Ynfinity. "It's ROBUR strategy and philosophy to not change the operational management but build on the expertise and success of the existing team. We are looking forward to this partnership and the growth of ROBUR WIND", summarized Daniel Beringer, Founder and Managing Partner of ROBUR.

### **About Ynfinity Global Energy Services Group (Ynfinity)**

Founded in 2005, Ynfinity Energy is an independent service provider of Renewable Energy solutions, with a strong international orientation and in excess of 300 experienced technicians working in Europe, Africa and the Americas. The Company has its headquarters in Madrid Spain, and permanent presence in Spain, France, Italy, Uruguay, Mexico, USA, Argentina, Dominican Republic and Brazil. Ynfinity also covers the rest of Africa and Latin America with discontinuous presence.

**About ROBUR Industry Service Group GmbH (ROBUR)**

Founded in 2015 as a response to the changing challenges of high-quality industrial services, ROBUR is now one of the top 10 industrial service providers in Germany, with 18 partner companies and turnover of approx. EUR 150 million in 2018. Both the financing and the leadership of the group are characterised by partnership and entrepreneurialism. Our member companies benefit from the size and internationality of the group and can leverage sales, capacity utilisation and management synergies.

Almost 2,000 employees work in the wind, water, energy, industrial and process industries. As expert partners for our customers, we create holistic solutions, from planning and implementation, to operation and maintenance, to the relocation and decommissioning.
